

THE REAL PRICE OF OCCUPATION

This powerful slide show documents with hard facts the real impact that the occupation of Iraq, Bush's phony "War on Terror" and the militarization of our economy are having on working people. The fully automated narrator's version is 23 minutes; the Power Point version without narration lasts 10 minutes.

View it NOW at

www.uslaboragainstawar.org

It can be downloaded and ordered on DVD at that site. A narrator's script is also available. The DVD version of the show is available in both English and Spanish, with source references to all the facts presented, plus bonus material, like the AFL-CIO slide show, "An Economy That Works for All," with additional slides about the cost of the war included.

Order DVD copies on-line with a credit card at www.uslaboragainstawar.org/realpriceofoccupation or use the form below.

Get copies for coworkers, family and friends. Ask your union to show it at meetings. Show it during a lunch break at work. Donate copies to schools and libraries.

*This presentation has been produced by U.S. Labor Against the War in collaboration with **Joseph Woodard Multimedia** of Alameda, CA.*
